Deadline	31 July 2026
Geography	Berlin summit · Uganda organisation · self-funded travel
The ask	Award complimentary group tickets (3–15) for FairBanks youth delegates.

[Official call](#)

1. Executive Summary

The World Health Summit offers complimentary group tickets for youth-led organisations working in health and social impact.

FairBanks youth can bring an authentic African community-health intelligence story to Berlin — and return with partnerships that strengthen FCHIP.

WHS gains underrepresented regional voices; FairBanks gains global learning without ticket barriers (travel remains self-funded).

2. Win-Win Value

FairBanks grows capacity and reach; the programme advances its mission with a grounded African health-tech partner.

2.1 What FairBanks / FCHIP gains

- Access to three days of global health agenda-setting in Berlin
- Networking with ministries, NGOs, and innovators
- Visibility for FCHIP and FairBanks Community Reach
- Learning that feeds Uganda programme design

2.2 What the programme / partners gain

- Youth delegates from an underrepresented region with real field work
- Concrete community health intelligence narrative for summit sessions
- Organisation that will share learnings back home, not only attend
- Diverse group size (3–15) ready to engage seriously

3. The Problem We Address

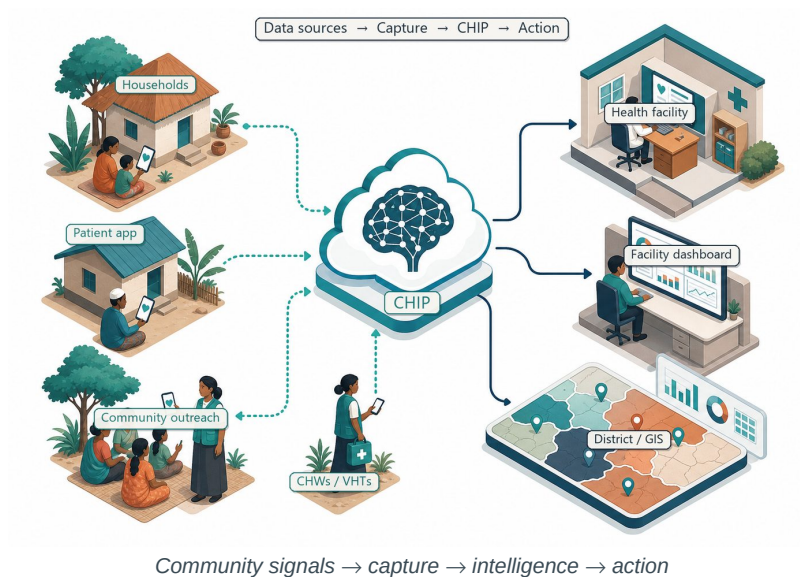

Reactive care waits for sickness before it responds

Global health forums can miss the voices of community-level African implementers — especially youth who already do the work.

Ticket costs block participation even when travel can be self-organised.

4. Our Solution: FCHIP & Community Reach

A FairBanks youth group will attend WHS 2026, document key sessions, and run a post-summit learning clinic for CHWs and clinic staff in Kampala.

We will focus on digital health, community systems, and partnership pathways relevant to FCHIP.

4.1 Deep technology core

Technology	Role
Artificial Intelligence	Outbreak early warning; maternal and NCD risk scoring
Machine Learning	Learn from community patterns, seasons, and outreach outcomes
GIS Mapping	Disease distribution, hotspots, and resource gaps
Mobile Data Collection	Offline-capable CHW/VHT capture at household level
Cloud Computing	Secure sync across facilities and partners
Analytics Dashboards	Real-time views for clinics, districts, and NGOs

4.2 Priority use cases for this call

Summit learning: Capture transferable practices for CHW digital tools.

Partnership mapping: Identify research and NGO collaborators.

Homeward briefing: Share insights with FairBanks and community partners.

5. Fit to Programme Criteria

Criterion / theme	How we respond
Youth-led health / impact org	FairBanks youth cohort within community health ecosystem
Nominees aged 28 or under	Delegation will meet age rules
Group tickets 3–15	We request a mid-size learning group
Self-funded travel	Understood and planned separately from ticket request

6. Why FairBanks Is Ready

Live outreach in Kampala-area communities

- Functioning FairBanks Medical Centre with clinic, pharmacy, and diagnostics
- Active Community Reach outreach in Bukoto, Kyebando, Kisaasi, Kamwokya, Kikaaya
- Trusted CHW and VHT relationships for household visits and referrals
- Live programmes: maternal & child health, Gericare, chronic-disease screening
- Digital health records and outreach data ready to feed FCHIP
- Research and partnership mindset for ethical, evidence-based scale

7. Proposed Plan

- Select diverse youth nominees (clinical, community, digital) under 28
- Prepare a one-page FairBanks brief for networking
- Attend all three summit days with a session tracking plan
- Host a post-summit community briefing within 30 days of return

8. Risks & Safeguards

Risk	Mitigation
Data quality in the field	Structured forms, validation, CHW training and supervision
Low digital literacy	Simple offline UX, local-language support, supervised rollout
Privacy and consent	Ethical governance aligned with Uganda data protection rules
Adoption by partners	Co-design with CHWs, clinics, and district users from day one

9. Closing Ask

From community needs to lasting health impact

WHS is stronger when community practitioners are in the room. FairBanks youth are ready to listen, contribute, and bring lessons home.

We request complimentary group tickets for our eligible delegation.

Your health, our mission.
