

BUDGET NARRATIVE ATTACHMENT

Year 1 Budget Narrative: Strengthening Global Health Security (Detect, Notify, Respond)

Applicant: FAIRBANKS MEDICAL CENTRE LIMITED

Opportunity: CDC-RFA-JG-26-0056 · Assistance Listing 93.318

Instrument: Cooperative agreement · Period: five 12-month budget periods

Year 1 federal total: \$7,500,000 (matches SF-424 Box 18 and SF-424A)

Currency: U.S. dollars only

Prepared: 2026-08-11 · Slogan: Your health, our mission.

Component	Year 1 ask	Status
Component 1: Core Global Health Security Priorities	\$3,000,000	Expected initial funding (core)
Component 2: Rapid Small-Scale Response to Outbreaks / PHE	\$1,000,000	Approved but unfunded (ABU) until CDC activates
Component 3: Rapid Large-Scale Response to Outbreaks / PHE	\$1,500,000	Approved but unfunded (ABU) until CDC activates
Component 4: Small-Scale Emerging Infectious Disease Threats	\$1,000,000	Approved but unfunded (ABU) until CDC activates
Component 5: Large-Scale Emerging Infectious Disease Threats	\$1,000,000	Approved but unfunded (ABU) until CDC activates
TOTAL Year 1	\$7,500,000	SF-424 Box 18

Component 1: Core Global Health Security Priorities

Year 1 federal request: \$3,000,000 (ceiling \$3,000,000) · **Status:** Expected initial funding (core)

Purpose: Strengthen last-mile community and facility surveillance under Ministry of Health (MoH) leadership so early warning signals reach MoH/NISS-aligned pathways faster. Lead Strategies 1, 2, and 5; support Strategies 3, 4, 6, and 7 with MoH-aligned partners.

Geography: Uganda (primary), with East Africa corridor learning under MoH Uganda.

SF-424A object class	Amount
Personnel (salaries & wages)	\$780,669
Fringe benefits	\$167,286
Travel	\$195,167
Equipment	\$139,405
Supplies	\$111,524
Contractual (includes consultants)	\$697,026
Construction	\$0
Other	\$697,027
Total direct	\$2,788,104
Indirect (8% MTDC)	\$211,896
Component total	\$3,000,000

Salaries and wages

All salaries are Year 1 federal costs for FairBanks staff working on award activities (not routine clinical care). Amount = annual salary x percent effort. Routine Medical Centre clinical salaries stay on FairBanks operations.

Item / calculation	Amount (USD)
Project Director / Authorized Official: 80% of \$90,000	\$72,000
Technical Lead, Surveillance & 7-1-7: 100% of \$62,000	\$62,000
FCHIP / Data Systems Manager: 100% of \$56,000	\$56,000
M&E and Learning Specialist: 100% of \$48,000	\$48,000
Finance & Grants Compliance Manager: 100% of \$52,000	\$52,000

Training & Workforce Coordinator: 100% of \$44,000	\$44,000
Community Surveillance Officers (4): 100% of \$30,000 each	\$120,000
CHW/VHT Supervisors (8): 100% of \$20,000 each	\$160,000
Partner / MoH Liaison Officer: 100% of \$40,000	\$40,000
Admin & Operations Officers (2): 100% of \$24,000 each	\$48,000
Drivers / field logistics (3): 100% of \$14,000 each	\$78,669
Category subtotal	\$780,669

Fringe benefits

Fringe covers statutory and organisational benefits (NSSF employer contribution, medical cover contribution, leave loading, and related payroll burdens) at an effective blended rate of about **21.4%** of salaries (\$167,286 = 21.4% x \$780,669). CONFIRM final fringe pool against FairBanks payroll policy.

Item / calculation	Amount (USD)
Fringe benefits pool (blended statutory + organisational)	\$167,286
Category subtotal	\$167,286

Consultant costs

Short-term technical consultants (not FairBanks employees). On SF-424A these costs sit inside the Contractual line; shown separately here per NOFO format.

Item / calculation	Amount (USD)
Epidemiology / 7-1-7 practice advisor: ~60 days x \$800	\$48,000
One Health / zoonoses training consultant: ~40 days x \$750	\$30,000
Data standards / MoH-NISS interoperability consultant: ~45 days x \$850	\$47,465
Category subtotal	\$125,465

Equipment

Equipment = tangible items with unit cost typically \$5,000 or more (or items capitalised under FairBanks policy). Laptops and phones under the threshold are listed under Supplies.

Item / calculation	Amount (USD)
Server / secure sync appliance for FCHIP (1)	\$28,000
Rugged field tablets kit for supervisors (lot)	\$35,000
Vehicle for community surveillance & supervision (1)	\$45,000
Other capital field/IT equipment (pooled)	\$31,405
Category subtotal	\$139,405

Supplies

Item / calculation	Amount (USD)
Laptops, phones, airtime devices under equipment threshold	\$39,033
PPE, sample packaging, field kits (non-lab clinical care excluded)	\$33,457
Printing, registers, training materials, office supplies	\$39,034
Category subtotal	\$111,524

Travel

Domestic Uganda field travel for supervision, district coordination, training, and MoH/CDC meetings. International travel only if pre-approved and necessary for award performance. Costs = trips x travellers x (transport + lodging + per diem).

Item / calculation	Amount (USD)
In-country supervision & CHW/VHT field travel (pooled trips)	\$87,825
District / KCCA / MoH coordination travel	\$48,791

Training cohort travel & participant transport	\$39,033
Contingency / approved regional learning travel	\$19,518
Category subtotal	\$195,167

Other categories

Other direct costs that are not salaries, fringe, travel, equipment, supplies, or contractual. Includes CHW/VHT activity support, training venues, M&E, and programme operating costs tied to surveillance (not routine clinic care).

Item / calculation	Amount (USD)
CHW/VHT stipends / activity allowances for surveillance reporting	\$278,810
Training venues, catering, and cohort logistics	\$139,405
M&E, data quality audits, after-action reviews (~5-8% programme intent)	\$125,464
Communications, connectivity, software licenses, banking/fees	\$83,643
Other programme operating costs	\$69,705
Category subtotal	\$697,027

Contractual costs

SF-424A Contractual line = \$697,026 (includes consultants \$125,465 above + partner/vendor contracts \$571,561 below). Subawards/contracts will use written scopes, budgets, and FairBanks procurement rules; no funds for restricted activities.

Item / calculation	Amount (USD)
MoH-aligned laboratory / diagnostic support partner	\$171,468
FCHIP software development / hosting / security vendors	\$160,037
District / community implementing partners for outreach & referrals	\$142,890
Audit, translation, and specialised service vendors	\$97,166
Category subtotal	\$571,561

Total direct costs

Total direct = Personnel + Fringe + Travel + Equipment + Supplies + Contractual + Other = **\$2,788,104**.

Total indirect costs

Foreign organisation indirect rate of **8% of Modified Total Direct Costs (MTDC)**. MTDC for this worksheet = Total Direct minus Equipment = \$2,788,104 - \$139,405 = **\$2,648,699**. Indirect = 8% x \$2,648,699 ≈ **\$211,896** (rounded so component total equals \$3,000,000). CONFIRM final MTDC exclusions with CDC/GMS. No negotiated NICRA attached; using the foreign 8% method pending confirmation.

Component 1 federal total = \$3,000,000

Component 2: Rapid Small-Scale Response to Outbreaks / PHE

Year 1 federal request: \$1,000,000 (ceiling \$5,000,000) · **Status:** Approved but unfunded (ABU) until CDC activates

Purpose: Stand up a moderate-scale surge package for a small outbreak or public health emergency in FairBanks catchments and linked districts under MoH direction: community investigation, referral surge, training refreshers, and temporary staffing/supplies.

SF-424A object class	Amount
Personnel (salaries & wages)	\$260,223
Fringe benefits	\$55,762
Travel	\$65,056
Equipment	\$46,468
Supplies	\$37,175
Contractual (includes consultants)	\$232,342
Construction	\$0
Other	\$232,342
Total direct	\$929,368
Indirect (8% MTDC)	\$70,632
Component total	\$1,000,000

Salaries and wages

Personnel costs activate with CDC emergency / emerging-threat funding. Amounts are annualised planning figures for a 12-month budget period; actual drawdown follows activation length and MoH tasking.

Item / calculation	Amount (USD)
Surge Coordinator (moderate / small-scale): 100% of \$48,000 (activation period)	\$48,000
Field Epidemiologist / Investigation Lead: 100% of \$44,000	\$44,000
Data / Reporting Officer: 100% of \$36,000	\$36,000
Community Surge Supervisors (4): 100% of \$22,000 each	\$88,000
Finance surge support: 50% of \$40,000	\$20,000
Temporary CHW/VHT surge stipends & short-term field staff pool (moderate / small-scale)	\$24,223
Category subtotal	\$260,223

Fringe benefits

Fringe covers statutory and organisational benefits (NSSF employer contribution, medical cover contribution, leave loading, and related payroll burdens) at an effective blended rate of about **21.4%** of salaries (\$55,762 = 21.4% x \$260,223). CONFIRM final fringe pool against FairBanks payroll policy.

Item / calculation	Amount (USD)
Fringe benefits pool (blended statutory + organisational)	\$55,762
Category subtotal	\$55,762

Consultant costs

Short-term technical consultants (not FairBanks employees). On SF-424A these costs sit inside the Contractual line; shown separately here per NOFO format.

Item / calculation	Amount (USD)
Surge epidemiology consultant: days x daily rate (pooled)	\$23,002
Risk communication / RCCE consultant: pooled days	\$10,455
Logistics / IPC technical consultant: pooled days	\$8,365
Category subtotal	\$41,822

Equipment

Equipment = tangible items with unit cost typically \$5,000 or more (or items capitalised under FairBanks policy). Laptops and phones under the threshold are listed under Supplies.

Item / calculation	Amount (USD)
Surge IT / cold-chain or response equipment (as activated)	\$27,880
Temporary logistics assets / radios / generators (pooled)	\$18,588
Category subtotal	\$46,468

Supplies

Item / calculation	Amount (USD)
Laptops, phones, airtime devices under equipment threshold	\$13,011
PPE, sample packaging, field kits (non-lab clinical care excluded)	\$11,152
Printing, registers, training materials, office supplies	\$13,012
Category subtotal	\$37,175

Travel

Domestic Uganda field travel for supervision, district coordination, training, and MoH/CDC meetings. International travel only if pre-approved and necessary for award performance. Costs = trips x travellers x (transport + lodging + per diem).

Item / calculation	Amount (USD)
In-country supervision & CHW/VHT field travel (pooled trips)	\$29,275
District / KCCA / MoH coordination travel	\$16,264
Training cohort travel & participant transport	\$13,011
Contingency / approved regional learning travel	\$6,506
Category subtotal	\$65,056

Other categories

Other direct costs that are not salaries, fringe, travel, equipment, supplies, or contractual. Includes CHW/VHT activity support, training venues, M&E, and programme operating costs tied to surveillance (not routine clinic care).

Item / calculation	Amount (USD)
CHW/VHT stipends / activity allowances for surveillance reporting	\$92,936
Training venues, catering, and cohort logistics	\$46,468
M&E, data quality audits, after-action reviews (~5-8% programme intent)	\$41,821
Communications, connectivity, software licenses, banking/fees	\$27,881
Other programme operating costs	\$23,236
Category subtotal	\$232,342

Contractual costs

SF-424A Contractual line = \$232,342 (includes consultants \$41,822 above + partner/vendor contracts \$190,520 below). Subawards/contracts will use written scopes, budgets, and FairBanks procurement rules; no funds for restricted activities.

Item / calculation	Amount (USD)
Surge implementing partners / temporary response contractors	\$104,786
Emergency logistics, transport, and warehousing vendors	\$47,630
Lab surge / specimen transport support (MoH-aligned)	\$38,104
Category subtotal	\$190,520

Total direct costs

Total direct = Personnel + Fringe + Travel + Equipment + Supplies + Contractual + Other = **\$929,368**.

Total indirect costs

Foreign organisation indirect rate of **8% of Modified Total Direct Costs (MTDC)**. MTDC for this worksheet = Total Direct minus Equipment = \$929,368 - \$46,468 = **\$882,900**. Indirect = 8% x \$882,900 ≈ **\$70,632** (rounded so component total equals \$1,000,000).

CONFIRM final MTDC exclusions with CDC/GMS. No negotiated NICRA attached; using the foreign 8% method pending confirmation.

Component 2 federal total = \$1,000,000

Component 3: Rapid Large-Scale Response to Outbreaks / PHE

Year 1 federal request: \$1,500,000 (ceiling \$10,000,000) · **Status:** Approved but unfunded (ABU) until CDC activates

Purpose: Scale a substantial response under MoH leadership when caseload, geography, or severity exceeds Component 2: expanded CHW/VHT surge, multi-district coordination, partner contractual surge, and logistics.

SF-424A object class	Amount
Personnel (salaries & wages)	\$390,335
Fringe benefits	\$83,643
Travel	\$97,584
Equipment	\$69,703
Supplies	\$55,762
Contractual (includes consultants)	\$348,513
Construction	\$0
Other	\$348,512
Total direct	\$1,394,052
Indirect (8% MTDC)	\$105,948
Component total	\$1,500,000

Salaries and wages

Personnel costs activate with CDC emergency / emerging-threat funding. Amounts are annualised planning figures for a 12-month budget period; actual drawdown follows activation length and MoH tasking.

Item / calculation	Amount (USD)
Surge Coordinator (substantial / large-scale): 100% of \$48,000 (activation period)	\$48,000
Field Epidemiologist / Investigation Lead: 100% of \$44,000	\$44,000
Data / Reporting Officer: 100% of \$36,000	\$36,000
Community Surge Supervisors (4): 100% of \$22,000 each	\$88,000
Finance surge support: 50% of \$40,000	\$20,000
Temporary CHW/VHT surge stipends & short-term field staff pool (substantial / large-scale)	\$154,335
Category subtotal	\$390,335

Fringe benefits

Fringe covers statutory and organisational benefits (NSSF employer contribution, medical cover contribution, leave loading, and related payroll burdens) at an effective blended rate of about **21.4%** of salaries (\$83,643 = 21.4% x \$390,335). CONFIRM final fringe pool against FairBanks payroll policy.

Item / calculation	Amount (USD)
Fringe benefits pool (blended statutory + organisational)	\$83,643
Category subtotal	\$83,643

Consultant costs

Short-term technical consultants (not FairBanks employees). On SF-424A these costs sit inside the Contractual line; shown separately here per NOFO format.

Item / calculation	Amount (USD)
Surge epidemiology consultant: days x daily rate (pooled)	\$34,502
Risk communication / RCCE consultant: pooled days	\$15,683
Logistics / IPC technical consultant: pooled days	\$12,547
Category subtotal	\$62,732

Equipment

Equipment = tangible items with unit cost typically \$5,000 or more (or items capitalised under FairBanks policy). Laptops and phones under the threshold are listed under Supplies.

Item / calculation	Amount (USD)
Surge IT / cold-chain or response equipment (as activated)	\$41,821
Temporary logistics assets / radios / generators (pooled)	\$27,882
Category subtotal	\$69,703

Supplies

Item / calculation	Amount (USD)
Laptops, phones, airtime devices under equipment threshold	\$19,516
PPE, sample packaging, field kits (non-lab clinical care excluded)	\$16,728
Printing, registers, training materials, office supplies	\$19,518
Category subtotal	\$55,762

Travel

Domestic Uganda field travel for supervision, district coordination, training, and MoH/CDC meetings. International travel only if pre-approved and necessary for award performance. Costs = trips x travellers x (transport + lodging + per diem).

Item / calculation	Amount (USD)
In-country supervision & CHW/VHT field travel (pooled trips)	\$43,912
District / KCCA / MoH coordination travel	\$24,396
Training cohort travel & participant transport	\$19,516
Contingency / approved regional learning travel	\$9,760
Category subtotal	\$97,584

Other categories

Other direct costs that are not salaries, fringe, travel, equipment, supplies, or contractual. Includes CHW/VHT activity support, training venues, M&E, and programme operating costs tied to surveillance (not routine clinic care).

Item / calculation	Amount (USD)
CHW/VHT stipends / activity allowances for surveillance reporting	\$139,404
Training venues, catering, and cohort logistics	\$69,702
M&E, data quality audits, after-action reviews (~5-8% programme intent)	\$62,732
Communications, connectivity, software licenses, banking/fees	\$41,821
Other programme operating costs	\$34,853
Category subtotal	\$348,512

Contractual costs

SF-424A Contractual line = \$348,513 (includes consultants \$62,732 above + partner/vendor contracts \$285,781 below). Subawards/contracts will use written scopes, budgets, and FairBanks procurement rules; no funds for restricted activities.

Item / calculation	Amount (USD)
Surge implementing partners / temporary response contractors	\$157,179
Emergency logistics, transport, and warehousing vendors	\$71,445
Lab surge / specimen transport support (MoH-aligned)	\$57,157
Category subtotal	\$285,781

Total direct costs

Total direct = Personnel + Fringe + Travel + Equipment + Supplies + Contractual + Other = **\$1,394,052**.

Total indirect costs

Foreign organisation indirect rate of **8% of Modified Total Direct Costs (MTDC)**. MTDC for this worksheet = Total Direct minus Equipment = \$1,394,052 - \$69,703 = **\$1,324,349**. Indirect = 8% x \$1,324,349 ≈ **\$105,948** (rounded so component total equals

\$1,500,000). CONFIRM final MTDC exclusions with CDC/GMS. No negotiated NICRA attached; using the foreign 8% method pending confirmation.

Component 3 federal total = \$1,500,000

Component 4: Small-Scale Emerging Infectious Disease Threats

Year 1 federal request: \$1,000,000 (ceiling \$15,000,000) · **Status:** Approved but unfunded (ABU) until CDC activates

Purpose: Contingency package for a small-scale emerging infectious disease threat requiring enhanced surveillance, risk communication, targeted screening, and rapid community-facility links.

SF-424A object class	Amount
Personnel (salaries & wages)	\$260,223
Fringe benefits	\$55,762
Travel	\$65,056
Equipment	\$46,468
Supplies	\$37,175
Contractual (includes consultants)	\$232,342
Construction	\$0
Other	\$232,342
Total direct	\$929,368
Indirect (8% MTDC)	\$70,632
Component total	\$1,000,000

Salaries and wages

Personnel costs activate with CDC emergency / emerging-threat funding. Amounts are annualised planning figures for a 12-month budget period; actual drawdown follows activation length and MoH tasking.

Item / calculation	Amount (USD)
Surge Coordinator (small emerging threat): 100% of \$48,000 (activation period)	\$48,000
Field Epidemiologist / Investigation Lead: 100% of \$44,000	\$44,000
Data / Reporting Officer: 100% of \$36,000	\$36,000
Community Surge Supervisors (4): 100% of \$22,000 each	\$88,000
Finance surge support: 50% of \$40,000	\$20,000
Temporary CHW/VHT surge stipends & short-term field staff pool (small emerging threat)	\$24,223
Category subtotal	\$260,223

Fringe benefits

Fringe covers statutory and organisational benefits (NSSF employer contribution, medical cover contribution, leave loading, and related payroll burdens) at an effective blended rate of about **21.4%** of salaries (\$55,762 = 21.4% x \$260,223). CONFIRM final fringe pool against FairBanks payroll policy.

Item / calculation	Amount (USD)
Fringe benefits pool (blended statutory + organisational)	\$55,762
Category subtotal	\$55,762

Consultant costs

Short-term technical consultants (not FairBanks employees). On SF-424A these costs sit inside the Contractual line; shown separately here per NOFO format.

Item / calculation	Amount (USD)
Surge epidemiology consultant: days x daily rate (pooled)	\$23,002
Risk communication / RCCE consultant: pooled days	\$10,455
Logistics / IPC technical consultant: pooled days	\$8,365
Category subtotal	\$41,822

Equipment

Equipment = tangible items with unit cost typically \$5,000 or more (or items capitalised under FairBanks policy). Laptops and phones under the threshold are listed under Supplies.

Item / calculation	Amount (USD)
Surge IT / cold-chain or response equipment (as activated)	\$27,880
Temporary logistics assets / radios / generators (pooled)	\$18,588
Category subtotal	\$46,468

Supplies

Item / calculation	Amount (USD)
Laptops, phones, airtime devices under equipment threshold	\$13,011
PPE, sample packaging, field kits (non-lab clinical care excluded)	\$11,152
Printing, registers, training materials, office supplies	\$13,012
Category subtotal	\$37,175

Travel

Domestic Uganda field travel for supervision, district coordination, training, and MoH/CDC meetings. International travel only if pre-approved and necessary for award performance. Costs = trips x travellers x (transport + lodging + per diem).

Item / calculation	Amount (USD)
In-country supervision & CHW/VHT field travel (pooled trips)	\$29,275
District / KCCA / MoH coordination travel	\$16,264
Training cohort travel & participant transport	\$13,011
Contingency / approved regional learning travel	\$6,506
Category subtotal	\$65,056

Other categories

Other direct costs that are not salaries, fringe, travel, equipment, supplies, or contractual. Includes CHW/VHT activity support, training venues, M&E, and programme operating costs tied to surveillance (not routine clinic care).

Item / calculation	Amount (USD)
CHW/VHT stipends / activity allowances for surveillance reporting	\$92,936
Training venues, catering, and cohort logistics	\$46,468
M&E, data quality audits, after-action reviews (~5-8% programme intent)	\$41,821
Communications, connectivity, software licenses, banking/fees	\$27,881
Other programme operating costs	\$23,236
Category subtotal	\$232,342

Contractual costs

SF-424A Contractual line = \$232,342 (includes consultants \$41,822 above + partner/vendor contracts \$190,520 below). Subawards/contracts will use written scopes, budgets, and FairBanks procurement rules; no funds for restricted activities.

Item / calculation	Amount (USD)
Surge implementing partners / temporary response contractors	\$104,786
Emergency logistics, transport, and warehousing vendors	\$47,630
Lab surge / specimen transport support (MoH-aligned)	\$38,104
Category subtotal	\$190,520

Total direct costs

Total direct = Personnel + Fringe + Travel + Equipment + Supplies + Contractual + Other = **\$929,368**.

Total indirect costs

Foreign organisation indirect rate of **8% of Modified Total Direct Costs (MTDC)**. MTDC for this worksheet = Total Direct minus Equipment = \$929,368 - \$46,468 = **\$882,900**. Indirect = 8% x \$882,900 ≈ **\$70,632** (rounded so component total equals \$1,000,000).

CONFIRM final MTDC exclusions with CDC/GMS. No negotiated NICRA attached; using the foreign 8% method pending confirmation.

Component 4 federal total = \$1,000,000

Component 5: Large-Scale Emerging Infectious Disease Threats

Year 1 federal request: \$1,000,000 (ceiling \$20,000,000) · **Status:** Approved but unfunded (ABU) until CDC activates

Purpose: Contingency package for a large-scale emerging threat response under MoH/CDC activation: broader geographic coverage, heavier contractual surge, and intensified field operations. Submitted on SF-424A Form 2.

SF-424A object class	Amount
Personnel (salaries & wages)	\$260,223
Fringe benefits	\$55,762
Travel	\$65,056
Equipment	\$46,468
Supplies	\$37,175
Contractual (includes consultants)	\$232,342
Construction	\$0
Other	\$232,342
Total direct	\$929,368
Indirect (8% MTDC)	\$70,632
Component total	\$1,000,000

Salaries and wages

Personnel costs activate with CDC emergency / emerging-threat funding. Amounts are annualised planning figures for a 12-month budget period; actual drawdown follows activation length and MoH tasking.

Item / calculation	Amount (USD)
Surge Coordinator (large emerging threat): 100% of \$48,000 (activation period)	\$48,000
Field Epidemiologist / Investigation Lead: 100% of \$44,000	\$44,000
Data / Reporting Officer: 100% of \$36,000	\$36,000
Community Surge Supervisors (4): 100% of \$22,000 each	\$88,000
Finance surge support: 50% of \$40,000	\$20,000
Temporary CHW/VHT surge stipends & short-term field staff pool (large emerging threat)	\$24,223
Category subtotal	\$260,223

Fringe benefits

Fringe covers statutory and organisational benefits (NSSF employer contribution, medical cover contribution, leave loading, and related payroll burdens) at an effective blended rate of about **21.4%** of salaries (\$55,762 = 21.4% x \$260,223). CONFIRM final fringe pool against FairBanks payroll policy.

Item / calculation	Amount (USD)
Fringe benefits pool (blended statutory + organisational)	\$55,762
Category subtotal	\$55,762

Consultant costs

Short-term technical consultants (not FairBanks employees). On SF-424A these costs sit inside the Contractual line; shown separately here per NOFO format.

Item / calculation	Amount (USD)
Surge epidemiology consultant: days x daily rate (pooled)	\$23,002
Risk communication / RCCE consultant: pooled days	\$10,455
Logistics / IPC technical consultant: pooled days	\$8,365
Category subtotal	\$41,822

Equipment

Equipment = tangible items with unit cost typically \$5,000 or more (or items capitalised under FairBanks policy). Laptops and phones under the threshold are listed under Supplies.

Item / calculation	Amount (USD)
Surge IT / cold-chain or response equipment (as activated)	\$27,880
Temporary logistics assets / radios / generators (pooled)	\$18,588
Category subtotal	\$46,468

Supplies

Item / calculation	Amount (USD)
Laptops, phones, airtime devices under equipment threshold	\$13,011
PPE, sample packaging, field kits (non-lab clinical care excluded)	\$11,152
Printing, registers, training materials, office supplies	\$13,012
Category subtotal	\$37,175

Travel

Domestic Uganda field travel for supervision, district coordination, training, and MoH/CDC meetings. International travel only if pre-approved and necessary for award performance. Costs = trips x travellers x (transport + lodging + per diem).

Item / calculation	Amount (USD)
In-country supervision & CHW/VHT field travel (pooled trips)	\$29,275
District / KCCA / MoH coordination travel	\$16,264
Training cohort travel & participant transport	\$13,011
Contingency / approved regional learning travel	\$6,506
Category subtotal	\$65,056

Other categories

Other direct costs that are not salaries, fringe, travel, equipment, supplies, or contractual. Includes CHW/VHT activity support, training venues, M&E, and programme operating costs tied to surveillance (not routine clinic care).

Item / calculation	Amount (USD)
CHW/VHT stipends / activity allowances for surveillance reporting	\$92,936
Training venues, catering, and cohort logistics	\$46,468
M&E, data quality audits, after-action reviews (~5-8% programme intent)	\$41,821
Communications, connectivity, software licenses, banking/fees	\$27,881
Other programme operating costs	\$23,236
Category subtotal	\$232,342

Contractual costs

SF-424A Contractual line = \$232,342 (includes consultants \$41,822 above + partner/vendor contracts \$190,520 below). Subawards/contracts will use written scopes, budgets, and FairBanks procurement rules; no funds for restricted activities.

Item / calculation	Amount (USD)
Surge implementing partners / temporary response contractors	\$104,786
Emergency logistics, transport, and warehousing vendors	\$47,630
Lab surge / specimen transport support (MoH-aligned)	\$38,104
Category subtotal	\$190,520

Total direct costs

Total direct = Personnel + Fringe + Travel + Equipment + Supplies + Contractual + Other = **\$929,368**.

Total indirect costs

Foreign organisation indirect rate of **8% of Modified Total Direct Costs (MTDC)**. MTDC for this worksheet = Total Direct minus Equipment = \$929,368 - \$46,468 = **\$882,900**. Indirect = 8% x \$882,900 ≈ **\$70,632** (rounded so component total equals \$1,000,000).

CONFIRM final MTDC exclusions with CDC/GMS. No negotiated NICRA attached; using the foreign 8% method pending confirmation.

Component 5 federal total = \$1,000,000

Cross-cutting notes

Cost share: None proposed (\$0 non-federal on SF-424A Section C).

Allowability: Costs are intended to be reasonable, allocable, and allowable under 2 CFR 200 / HHS adoption and NOFO funding limitations. No research aims. No restricted lobbying with federal funds.

Procurement: FairBanks will use competitive methods appropriate to value, document selection, and avoid conflicts of interest.

M&E: About 5-10% of programme effort supports monitoring, evaluation, and learning aligned to DGHP indicators agreed with CDC after award.

SF-424A mapping: Form 1 = Components 1-4 (\$6,500,000). Form 2 = Component 5 (\$1,000,000) under Other Attachments. Combined Year 1 federal = \$7,500,000.

CONFIRM before submit: final salary scales, fringe policy, vendor quotes, indirect / MTDC treatment, and MoH partner contracting approach.
